Certificated Nursing E	valuation: Sample Evidence of Work
	5.5 Provides care to ill and injured according to standards of care: oversees delivery of prescribed interventions and supervises activities
	of caregivers
	5.6 Counsels students in such areas and refers to school counselors and
	outside agencies as needed
	5.7 Initiates plan per established procedure and provides oversight and supervision throughout the year
5.A Coordination of Care	5 A.1 Collaborates with principal to identify and designate UAPs who are best suited for delivery of care
	5 A.2 Provides individual and group education of staff members related to students' needs and plans of care; trains staff in performing health care tasks and procedures training records (medication administration, asthma care, diabetes care, seizure care, catheterizations, tube feedings, etc.)
	5A.3 Shares individual health plans with appropriate staff and monitors to ensure plan is followed
	5A.4 Maintains individual health folders, training rosters, delegation (skills training) records, quarterly medication audits
5.B Health Teaching and Health Promotion	5 B.1 Maintains records of teaching whether individual, or groups, maintains rosters/agendas
	5 B.2 Assists teachers/staff in providing health education instruction, Acts as a referral source for the school
	5 B.3 Provides education to various groups such as PTA, school staff, community groups; coordinates education of staff regarding diabetes, asthma, anaphylaxis, BBP, medication administration; interprets students' health needs to school personnel through interdisciplinary teams; shares EAP's, diabetic care plans and other plans of care with staff related to individual students
	5 B.4 Advocates for a school health advisory council in assigned schools
	5 B.5 Provides information on various health topics to school staff as needed or requested
5.C Consultation	5 C.1 Consults with nurse colleagues, nurse supervisor, health care providers, health agencies
	5 C.2 Solicits completion of appropriate order forms; records correspondence with providers and other professionals
	5C.3 Consults nurse colleagues, nurse supervisor, regional, state, and national consultants as needed
6.0 Evaluation	6.1 Provides systematic follow-up for students with ongoing or unresolved health issues; refers to plan on a regular basis to evaluate outcomes

certificated (varsing	Evidence of Work
	6.2 Interacts with students, families, staff, providers in an effort to
	provide feedback and evaluate desired outcome; makes effort to secure
	care for identified problem
	6.3 Documents status of interventions/goals on appropriate records;
	maintains systematic record keeping for students with unresolved,
	pending issues.
7.0 Ethics	7.1 Reviews resources annually and refers to them as needed
7.0 Ethics	7.1 Reviews resources annually and refers to them as needed
	7.2 Labala waxayda "Canfidantial" aa ayyyyayista
	7.2 Labels records "Confidential" as appropriate
	Secures privacy of records whether hard copies or electronic
	7.3 Uses feedback from others and satisfaction surveys as part of self-
	evaluation
8.0 Education	8.1 Participates in CE offerings, maintains membership in professional
	organization
	8.2 Seeks out CE opportunities to develop or enhance clinical skills,
	maintains certifications/credentials for required work activities (CPR,
	screening skills, BBP updates, etc.); Subscribes to professional
	journals/school health-related websites; enrolls in advanced degree
	program
	8.3 Shares with colleagues in staff meetings, via e-mail, phone calls,
	program planning
	O
	8.4 Maintains continuing education certificates, conference agendas
	8.5 Obtains initial certification within 3 years of hire date, recertifies
	every 5 years
9.0 Evidence-Based Practice and Research	9.1 Stays abreast of current health and practice issues; applies
5.0 Evidence based Fractice and Research	knowledge to practice
	knowledge to practice
	9.2 Bases change on evidence-based practice and shares rationale with
	others so that they understand reason for change
	9.3 Actively participates in data collection as set forth by the school
1000	health program
10.0 Quality of Practice	10.1 introduces, initiates innovative ideas that improve practice
	10.2 Collects data for school health services reports and QI activities,
	Collects data for daily and monthly activity reports, performs quarterly
	medication audits, participates in ongoing review of policies and
	procedures, keeps record of ideas for changes and brings to staff
	meetings. Serves on QI committee
11.0 Communication	11.1 Determines formats that work best in individual situations (note
	home with student, phone call, home visit); communicates on level that
	student/families understand
	<del></del>

	drsing Evaluation. Sample Evidence of Work
	11.2 Reports to principal or supervisor observations or concerns;
	provides written follow-up of concern
	11.3 Practices effective communicating with principal and school staff;
	establishes good rapport with students and families
	11.4 Initiates self-directed learning activities
12.0 Leadership	12.1 Demonstrates knowledge of philosophy and mission of the school district, Health Services purpose. Coordinated School Health Program, School Wellness Policy, and so forth.
	12.2 Collaborates with principal and supervisor and other leaders to enhance school health practices
	12.3 Maintains active membership in professional organizations, serves in leadership capacity of state or national School Nurse Association
	12.4 Serves on student interdisciplinary teams, 504 Team, School Health Advisory council, and so forth; Serves on health-related interagency councils, committees, and so forth
	12.5 Serves as health expert on such teams, bringing pertinent information to the group
13.0 Collaboration	13.1 Conferences with teachers, parents, providers, other support personnel, outside agencies; participates in interdisciplinary team meetings
	13.2 Identifies and case manages students whose health problem
	interferes with academic success; maintains documentation of
	interventions/activities using available forms and resources
	13.3 Shares information regarding community resources with families and school staff; assists families with connecting with resources
14.0 Professional Practice	14.1 Identifies strengths and areas for professional growth as a part of
	annual evaluation process; maintains artifacts of practice throughout school year based on professional standards of practice.
	14.2Solicits input from supervisor, peers, principals and others; uses
	that information to improve practice
	14.3 Seeks opportunities for professional growth to achieve goals
	14.4Seeks out opportunities for networking with others for own growth self-directed
	14.5Acknowledges mistakes and errors and identifies corrective course of action
15.0 Resource Utilization	15.1Maintains information related to available resources, contact names and numbers, etc.
	15.2Seeks new resources and shares information with colleagues;

	actively participates in learning and applying technology
	15.3 Identifies students who do not have health insurance and provides outreach to families/refers students to available resources; documents referrals/outcome
16. 0 Environmental Health	16.1 Supports and advocates for a safe environment by identifying and addressing issues with principal and appropriate school staff.
	16.2 Advocates for various aspects of school safety (tobacco free schools, sanitation, hygiene, air quality, playground and sports safety, substance abuse prevention, antibullying, and so forth)
17.0 Program Management	17.1 Maintains programs per health services protocol
	17.2 Implements new programs as identified by health services program or as identified in collaboration with individual principals

Guide To The Ratings Determining Element Ratings and Overall Rating  Refer to Standards of Practice adopted by ANA for guidance on the rating of elements.	Rating Key  1 = Successfully Achieves Standards  2 = Making Satisfactory Progress  3 = Needs Improvement to Meet Standards  4 = Unsatisfactory - Does Not Meet Standards					
ANA Standard 1: Assess		1	2	3	4	N/A
1.1 Collects and prioritizes comprehensive data based on the health care cons systematic and ongoing process.	umer's immediate condition or anticipated needs in a					
1.2 Uses appropriate evidence-based assessment techniques and instruments a	and tools.					
1.3 Documents relevant data in a retrievable format.						
ANA Standard 2: Diagnosis		1	2	3	4	N/A
2.1 Derives the diagnoses or issues through analysis of a broad range of assessment data, including data from the student, family, school staff, and health care providers.						
2.2 Documents diagnoses or issues in a retrievable format that facilitates the de	etermination of the expected outcomes and plan,					
ANA Standard 3: Outcomes to	dontification	1	2	3	4	N/A
3.1 Involves the student, family, health care providers, and others in formulating				,		11773
3.2 Uses standardized language or recognizable terminology to document the outcome in a retrievable form.						
						1
ANA Standard 4: Plan	ning	1	2	3	4	N/A
4.1 Develops an individualized plan in partnership with the student's character diagnoses, including emergency care provisions.	ristics or situation that addresses each of the identified					
4.2 Establishes the plan priorities with the family and others as appropriate and of the health care team.	uses the plan to provide direction to other members					
4.3 Documents the plan in a manner that uses standardized language or recogn	nized terminology.					
ANA Standard 5: Impleme	entation	1	2	3	4	N/A
5.1 Partners with the student, family, significant others, and caregivers as approtimely manner.		•	_	3	•	
5.2 Uses evidence-based interventions and treatments specific to the diagnosis	or problem.					
5.3 Uses community resources and systems to implement the plan.						
5.4 Documents implementation and any modifications, including changes or o health and educational records.	missions of the identified plan in the appropriate					

		-	-	_	
ANA Standard 5: Implementation (cont.)	1	2	3	4	N/A
5.5 Provides medically prescribed interventions, including medication administration and medical/nursing treatments, and standard care of ill and injured health care consumers in the school community.					
5.6 Responds to health issues by providing counseling and crisis intervention when required in such areas as teen pregnancy, substance abuse, death of family members, suicide, child neglect, or abuse.					
5.7 Assumes responsibility for the safe and efficient implementation of the plan.					
	1	1	1		T
ANA Standard 5A: Coordination of Care	1	2	3	4	N/A
5A.1 Advocates for the delivery of dignified, culturally competent, developmentally appropriate, and humane care by the interprofessional team.					
5A.2 Educates colleagues regarding implementation of the plan.					
5A.3 Incorporates the individualized health care plan into the student's educational day and after-school activities					
5A.4 Documents coordination of the care					
ANIA Standard FD. Haalde Taraking and Haalde Dannating					TNIZA
ANA Standard 5B: Health Teaching and Health Promotion	1	2	3	4	N/A
5B.1 Provides health teaching that addresses such topics as healthy lifestyles, risk-reducing behaviors, developmental needs, activities of daily living, and preventive self-care.					
5B.2 Provides general health education to the student body at large through classroom instruction or expert consultation.					
5B.3 Promotes health, wellness, self-care, and safety through education of the school community regarding health issues.					
5B.4 Promotes health principles through the Coordinated School Health Program.					
5B.5 Serves as a primary resource to school staff (and others, as appropriate) regarding health education.					
ANA Standard 5C: Consultation	1	1	1	4	N/A
5C.1 Seeks consultation with other health professionals	-	2	3	4	IN/A
					_
5C.2 Documents consultation with other health care providers and other professionals to assure implementation of the plan.	_				
5C.3 Acquires knowledge through participation in formal or informal consultation to address issues in nursing practice.					
ANA Standard 6: Evaluation	1	2	3	4	N/A
6.1 Conducts a systematic, ongoing, and criterion-based evaluation of the outcomes prescribed by the plan and indicated timeline.					
6.2 Collaborates with the health care consumer and others involved in the care or situation in the evaluation process.					
6.3 Documents the results of the evaluation.					
ANA Standard 7: Ethics	1	2	3	4	N/A
7.1 Uses Code of Ethics for Nurses with Interpretive Statements; Guide to the Code of Ethics for Nurses: Interpretation and Application; Code of Ethics for the School Nurse and other appropriate resources to guide practice.					
7.2 Upholds health care consumer confidentiality within legal, regulatory, and ethical parameters of health and education.					
7.3 Integrates caring, kindness, and respect into nursing practice.					
ANA Standard 8: Education	1	2	3	4	N/A
8.1 Participates in ongoing educational activities related to professional issues.	1	2	3	4	IN/A
8.2 Seeks formal and independent learning experiences to develop and maintain clinical and professional skills and knowledge.			$\dashv$	_	
8.3 Shares educational findings, experiences, and ideas with peers.					
8.4 Maintains professional records that provide evidence of competency and lifelong learning.				-	
8.5 Maintains national school nurse certification.					

ANA Standard 9: Evidence-Based Practice and Research	1	2	3	4	N/A
9.1 Uses current evidence-based nursing knowledge, including research findings, to guide practice.					
9.2 Incorporates evidence when initiating changes in school nursing practice.					
9.3 Participates in data collection such as surveys, pilot projects, and formal studies.					
ANA Standard 10: Quality of Practice	1	2	3	4	N/A
10.1 Uses creativity and innovation to enhance school nursing care.	_				
10.2 Participates in quality improvement activities. Identifies, collects, analyzes data; formulates recommendations and implements activities to improve school nursing practice.					
ANA Standard 11: Communication	1	2	3	4	N/A
11.1 Conveys information to health care consumers in formats that promote understanding.					
11.2 Discloses observations or concerns related to hazards, errors in care, or the practice environment to the appropriate level of administration.					
11.3 Uses communication as a strategy to achieve nursing goals.					
11.4 Seeks continuous improvement of won communication and conflict resolution skills.					
	-				
ANA Standard 12: Leadership	1	2	3	4	N/A
12.1 Incorporates the vision and goals of the school organization when planning care, and implementing and measuring progress of the individual student.					
12.2 Participates in efforts to influence school health, public health, and general health care policy.					
12.3 Participates in appropriate professional organizations in a membership or leadership capacity.					
12.4 Participates in committees, councils, or administrative teams in the school or other setting.					
ANA Standard 13: Collaboration	1	2	3	4	N/A
13.1 Partners with others to effect change and generate positive outcomes through the sharing of knowledge about the health care consumer and/or situation.					
13.2 Functions as a case manager in collaboration with the health care consumer and other professionals and agencies.					
13.3 Functions as a liaison between the family, school, and community.					
ANA Standard 14: Professional Practice	1	2	3	4	N/A
14.1 Engages in self-evaluation of practice, identifying areas of strength as well as areas in which professional development would be beneficial.					
14.2 Obtains informal feedback regarding one's own practice from clients, peers, professional colleagues, and others.					
14.3 Takes action to achieve goals identified during the evaluation process.					
14.4 Interacts with peers and colleagues to enhance one's own professional nursing practice or role performance.					
14.5 Takes corrective action to rectify a mistake and reduce future errors.					
ANA Standard 15: Resource Utilization	1	2	3	4	N/A
15.1 Identifies appropriate resources for assessed health care consumer care needs and desired outcomes.					
15.2 Advocates for resources, including technology, that enhance school nursing practice and health care delivery.					
15.3 Assists the health care consumer in securing appropriate available services, addressing needs across the health care continuum such as State Child Health Insurance Program.					

ANA Standard 16: Environmental Health		1	2	3	4	N/A
16.1 Promotes a practice environment that reduces environmental health risks of health care consumers, including	uding visitors.					
16.2 Participates in strategies that promote emotionally and physically healthy communities.						
ANA Standard 17: Program Management		1	2	3	4	N/A
17.1 Manages school health services as appropriate to the nurse's education and practice environment.						
17.2 Implements needed health programs using a program planning process.						
General Employee Expectations		1	2	3	4	N/A
A. Complies with FCOE policies and procedures						
B. Complies with Federal and State laws and regulations						
C. Maintains regular and punctual attendance						
D. Meets schedules and deadlines						
E. Treats co-workers, parents, district and agency representatives in a courteous, helpful and professional manu	ner					
F. Performs duties and responsibilities in an efficient and effective manner
